

CLEARVIEW

UV-Bonded Food Guards

Clean lines and modern design are always in style, and there is no better sneeze guard that exemplifies this refined aesthetic than ClearView. BSI's line of food guards constructed of UV-bonded glass forego metal frames, brackets, and posts, and offer an uninterrupted view of your food showcase that features strength, clarity, and sophistication.

BENEFITS:

- Sleek lines and no hardware present your dining operation in a fresh, modern light
- Unobstructed view of your culinary creations make your food the focus
